TRANSACTIONS
OF THE
Louisiana State Medical Society,
at its
FIFTEENTH ANNUAL SESSION,
held at
NEW ORLEANS, MAY 29, 30 AND 31, 1894.

DISCLAIMER.
The Louisiana State Medical Society, while formally accepting and publishing the Reports of the various Committees, and voluntary papers read at this session, does not hold itself responsible for the opinions, theories or criticisms contained therein, except when otherwise decided by special resolution.

NEW ORLEANS:
L. GRAHAM & SON, Printers, 4446 HARDY ST.
1894.
OFFICERS FOR 1894-95.

PRESIDENT:
Dr. Rudolph Matas, New Orleans.

VICE PRESIDENTS:
First Congressional District,
Dr. G. R. Fox, Jesuits' Bend, Plaquemines.

Second Congressional District,
Dr. C. W. Siertson, Gretna, Jefferson.

Third Congressional District,
Dr. W. D. White, Abbeville, Vermilion.

Fourth Congressional District,
Dr. W. K. Sutherland, Mandeville, DeSoto.

Fifth Congressional District,
Dr. F. R. Bernard, Lake Providence, East Carroll.

Sixth Congressional District,
Dr. T. T. Tarleton, Grand Coteau, St. Landry.

RECORDING SECRETARY:
Dr. P. H. McCracken, New Orleans.

TREASURER AND LIBRARIAN:
Dr. W. E. Parker, New Orleans.

CORRESPONDING SECRETARY:
Dr. A. G. Friedrichs, New Orleans.

MEMORIAL ORATOR:
Dr. G. Devlin, New Orleans.

ORATOR:
Hon. Charles E. Bruck, New Orleans.

2/15/7
APPENDIX G.

MEDICAL DIRECTORY OF LOUISIANA.

Efficient organization can not be accomplished without a definite knowledge of the forces that are available for the purposes of organization. A complete and satisfactory directory of the medical profession in Louisiana has never been published and it is possible that this fact may account to a certain extent for the defective organization of the profession in this State. It was thought at one time that the law of 1882, which made the registration of all the practitioners of medicine in the office of the State Board of Health a compulsory requirement, would have eventually furnished the data for a reliable directory, but unfortunately, for reasons which need not be specified, the law was purposely evaded, or involuntarily disregarded, so that only an incomplete compilation was obtained. Nevertheless, the annual publication of the official register, though incomplete, was a valuable document and was much appreciated as a help in the work of this Society. It was therefore with great regret that the profession received the announcement of the suspension of this valuable publication which had hitherto been issued annually since 1883, by the State under the auspices of the Board of Health. The cessation of this publication has been most keenly felt at this moment when the creation of the two State Boards of Medical Examiners, one regular and one homoeopathic, have made it
evident that a complete directory of the medical practitioners in Louisiana was an essential requisite to the proper notification of the profession and the enforcement of the New Medical Act of 1894. As the present law regulating the practice of medicine which provides for the creation of a board of medical examiners is the direct outcome of the persistent labors of the Louisiana State Medical Society, and this body is deeply concerned in the success of the regular board, which is constituted by appointees selected by the Governor exclusively from its membership, the President of the Society, with the sanction and aid of the Vice Presidents and other officers, undertook to compile a directory that could be utilized by the Board of Medical Examiners and by the members of this Society. With this object in view, printed slips containing the official registry of the physicians in each parish, according to the list published by the State Board of Health in 1893, were sent with an appropriate blank to each of the Vice Presidents, who were requested to make additions or corrections to the list according to the most reliable information obtainable through correspondents in each one of the parishes in their respective congressional districts. The Vice Presidents have all diligently seconded the efforts of the President in securing reliable returns; but notwithstanding their efforts, it is unfortunate that they have not been uniformly successful. The First, Second and Fourth Congressional Districts are as complete as it is possible to make them. Returns from the other districts have not been obtained to the satisfaction of the Vice President, but the directory for these districts is more complete than any hitherto published. To the lists furnished by the Vice Presidents have been added all the names registered in the Board of Health from the list of 1893 to 1894. Many new names have been added to the list from the records of the Regular State Board of Medical Examiners by the efficient Secretary, Dr.
Appendix G.

Henry Cocram. Finally, the completed list has been carefully revised and brought up to date by Mr. Kohlhaase, clerk of the Board of Health, who has given to this directory much valuable time and attention.

The present directory, therefore, consists of—

(1st) The last official list published by the Louisiana State Board of Health, in 1893.

(2d) The additions and corrections of the Louisiana State Board of Health from 1893 to February 12, 1895.

(3d) The additions and corrections made to above by the Louisiana State Medical Society up to December, 1894.

(4th) The additions made by the State Board of Examiners, as taken from the registry of the licentiates of this board from September, 1894, to February 12, 1895.

Notwithstanding the pains taken to secure accurate reports from the parishes, the directory for some of these is still very unsatisfactory and can be used only as a provisional guide, with a hope that it will serve as a basis for a more complete directory in the future, if the Society should decide to continue its publication.

The following marks have been introduced:

* Indicates members of the Louisiana State Medical Society.

† Indicates licentiates of the State Board of Medical Examiners.

? College and date of graduation unknown.

N. B.—The names registered as practicing without a diploma refer to practitioners who have been licensed in accordance with the Act of 1882.
