Great News!
You now have access to Natural Medicines…the most comprehensive and authoritative resource available on dietary supplements, natural medicines, and integrative therapies. To start accessing evidence-based information and ratings on over 90,000 commercially available products, follow these simple steps:

1) Refer to the attached login instructions for details on how to access the site based on the type of license purchased.
2) See the quick-tips guide below for features of the site.
3) Go to https://naturalmedicines.therapeuticresearch.com/about-us/explore-features.aspx to learn more about available features.

**Search** - Enter any keyword to get detailed information on natural ingredients, alternative therapies, commercial products, ratings, interactions, available CE courses, and more!

**Interaction Checker** - Enter all supplements, natural medicines, and conventional drugs to get a detailed interaction report including evidence-based ratings for each interaction.

**Effectiveness Checker** – Search for a disease or condition to find out which natural treatments work, ranked and sorted by their effectiveness rating.

**Nutrient Depletion Checker** - Enter conventional drugs and find out whether it has a known nutrient depletion issue. Plus get evidence-based ratings so you know when adding a supplement is worthwhile.

**Pregnancy & Lactation Checker** - Instantly find out the evidence-based Safety Rating for women who are pregnant or breastfeeding.

**Adverse Effects Checker** - Select any symptom or side effect and get a list of natural medicines that have evidence to suggest that they might cause that side effect.

Other great features to check out:

- Food, Herbs & Supplements, and Health & Wellness Monographs
- Comparative Effectiveness Checker
- Colleagues Interact
- CE/CME Center
GREAT NEWS! You have access to Natural Medicines ...the online source that answers all the questions you have about supplements, vitamins, herbs, and alternative therapies. It addresses safety, effectiveness, interactions, and more – quickly, succinctly, and accurately.
